**I. General provisions**

**Section 1 Area of Application**

These admission and acceptance regulations in conjunction with the constitution of the Technische Universität Berlin apply to the conduct of the university's own selection process for study programmes with restricted admission (AuswahlSa) in the version applicable from time to time in relation to the rules for admission, acceptance and selection on the international consecutive Master's programme Industrial and Network Economics.

**Section 2 Coming into force/going out of force**

- (1) These admission and acceptance regulations come into force on the day after their publication in the Gazette of the Technische Universität Berlin. They apply to all application processes from the winter semester 2015/16 onwards.
- (2) The admission regulations for the Master's programme Industrial and Network Economics of 22 October 2008 (AMBI [Gazette] 4/2009

TU p. 27) go out of force when these admission and admission regulations come into force.

**II. Admission**

**Section 3 Admission requirements**

In addition to the general admission requirements in accordance with Sections 10 to 13 of the Berlin Higher Education Act (BerlHG) the admission requirements are:

1. A first university degree in a study programme in Economics or a related study programme.
2. Applicants whose mother tongue is not English and who gained their first university degree in a study programme not held in English must provide proof of their proficiency in English at the C1 level of the Common European Framework of Reference for Languages (CEFR).

**III. Acceptance**

**Section 4 Applications**

The application for admission must be submitted to the relevant office in the Technische Universität central administration. The following must be submitted with the application:

1. The documents as required in the application form in the original version or a certified copy. The form of applications will be set down by the relevant office in the central administration
2. A certified copy of the transcript of records for all attainments gained at HEIs recognised by the state which show the credit points gained in each module (or in the case of non-modular curricular, in another suitable form, such as a key showing the study hours completed in each semester week)
3. If necessary, proof of additional requirements in accordance with Section 3 paragraph 2 and selection criteria in accordance with Section 6 paragraph 3.

**Section 5 Selection criteria**

The selection is based on the following criteria:

1. The overall grade gained in the previous study programme (weighting: 55 of 100)
2. Subjects studied in the previous study programme (weighting: 45 of 100)

**Section 6 Selection process**

- (1) The number of participants in the selection process can be restricted by the degree of qualification. The selection committee takes the
